

Camp Rivendale

The new playground for children of all abilities is a reality!

The children were thrilled to see it and play on it. But our new playground needs a rubber resilient surface to cushion falls and allow for greater accessibility. Then children of all abilities will be able to play together side by side.

Each summer Camp Rivendale offers wonderful recreational, educational, and social opportunities for children with disabilities. It is the only summer-long day camp of its kind in the Portland metro area, located on Cooper Mountain at the historic Jenkins Estate and operated by the Tualatin Hills Park and Recreation District.

The Tualatin Hills Park Foundation is raising the final \$40,000 needed. Together we can make it happen.
